

Nouseva Rannikkoseutu

Nouseva Rannikkoseutu is a Leader Local Action Group from Northern Finland. Our area covers seven municipalities (Hailuoto, Liminka, Lumijoki, Pyhäjoki, Raahe, Siikajoki, Tyrnävä) and approximately 52 000 inhabitants who mainly live in rural areas. Our aim is to encourage local people to develop their home region. As the population is getting older, young people are seen vital for the region. Youth is encouraged to stay in the region by supporting them, creating better possibilities to participate and offering opportunities to learn and connect.
