3 April - 31 October, 2023

Hailuoto, Finland

[HTTPS://NOUSEVARANNIKKOSEUTU.FI/EN/](https://nousovarannikko-seutu.fi/en/)

In this project two (2) volunteers work with young people in the municipality of Hailuoto. Hailuoto locates on an island in the northern Baltic Sea. The municipality has a population of just under 1 000. The entire island is classified as one of Finland's nationally significant built cultural environments and has unique natural conditions.

Volunteers participate in the local youth work: joining youth clubs, youth workshops etc. They work together with local youth to create activities and increase involvement. Volunteers are also planning and organising events for and with local residents, and during summer they will work in tasks related to tourism.

Accommodation, food and transportation arrangements

Volunteers are accommodated in an apartment. Volunteers need to cook for themselves (food allowance and pocket money will be provided). Within the municipality the distances are short: main venues are mainly reachable by foot or bike. If needed, other transportation is provided.

Mandatory costs are covered according to programme rules.

Training

The volunteers participate in an on-arrival training organized by the Finnish National agency. The volunteers can also get Finnish language lessons if they want.

Volunteers are guided to all tasks. The volunteer's personal skills or interests are considered and discussed before the project and an individual work plan is made for all volunteers.

Volunteer profile

We would like to host active volunteers who are motivated to work with children and young people. Working hours change according to tasks, so volunteers need to be flexible. As the tasks include working with children, an extract of the criminal records is required.

Volunteers must be prepared to live in a rural environment.

APPLY by sending a motivation letter and CV before FEBRUARY 10th 2023 to erja.simuna@nousevarannikkoseutu.fi
